Specification

Model	I30-TMS3040V		
Weight range(max)	15kg	30kg	60kg
Division	2g	5g	10g
Converter A/D	24 Bites		
Pre-heating time	1 hour		
Stabilization time	2 seconds		
Calibration weight to select	To select		
Weight units	g, kg, lb, oz.		
Interface	RS-232C		
Air humidity	Max.99%		
Structure material	High resistance epoxy painted steel		
Pan material	Stainless steel		
Platform size(mm)	300x400		
Indicator size(mm)	220x180x83		
Overall dimensions(mm)	300 x 400 x 550
